

2008 IEEE Symposium on Security and Privacy Supporters Program

The Symposium seeks to strengthen the ties between researchers and practitioners in industry, government, and academia. In order to continue the historically high quality of this important annual meeting, corporate partners with an active interest in computer security and privacy are invited to participate by providing financial support. There are four standard contribution levels: Bronze (\$2.5k), Silver (\$5k), Gold (\$10K), and Premier (\$20K, one only).

Contribution Levels:

All supporters will be acknowledged on our Web site and in the general chair's message in the printed proceedings, and will be thanked from the podium at the opening session. Additionally, contributions will entitle the supporter to the following benefits:

- Bronze Supporter (\$2,500): 2 tickets to the arrival and banquet receptions
- Silver Supporter (\$5,000): 2 full registrations and table space in the hallway
- Gold Supporter (\$10,000): 3 full registrations, table space in the hallway and at registration, and credit for hosting the arrival reception or a lunch
- Premier Supporter (\$20,000, one only): 6 registrations, table space in the hallway and at registration, and credit for hosting the banquet reception

Please contact the General Chair (Yong Guan, oakland08-generalchair @ ieee-security.org) and/or Treasurer (David Shambroom, oakland08-treasurer @ ieee-security.org) for more information about the SP 2008 Supporters Program.
