
SP 15 Registration Chair's Report

Michael E. Locasto

University of Calgary

36th IEEE Symposium on Security and Privacy

May 18-20, 2015

Registration Overview and Notes

The SSP and SPW merger continues; registration has already been effectively “merged” for the past few years

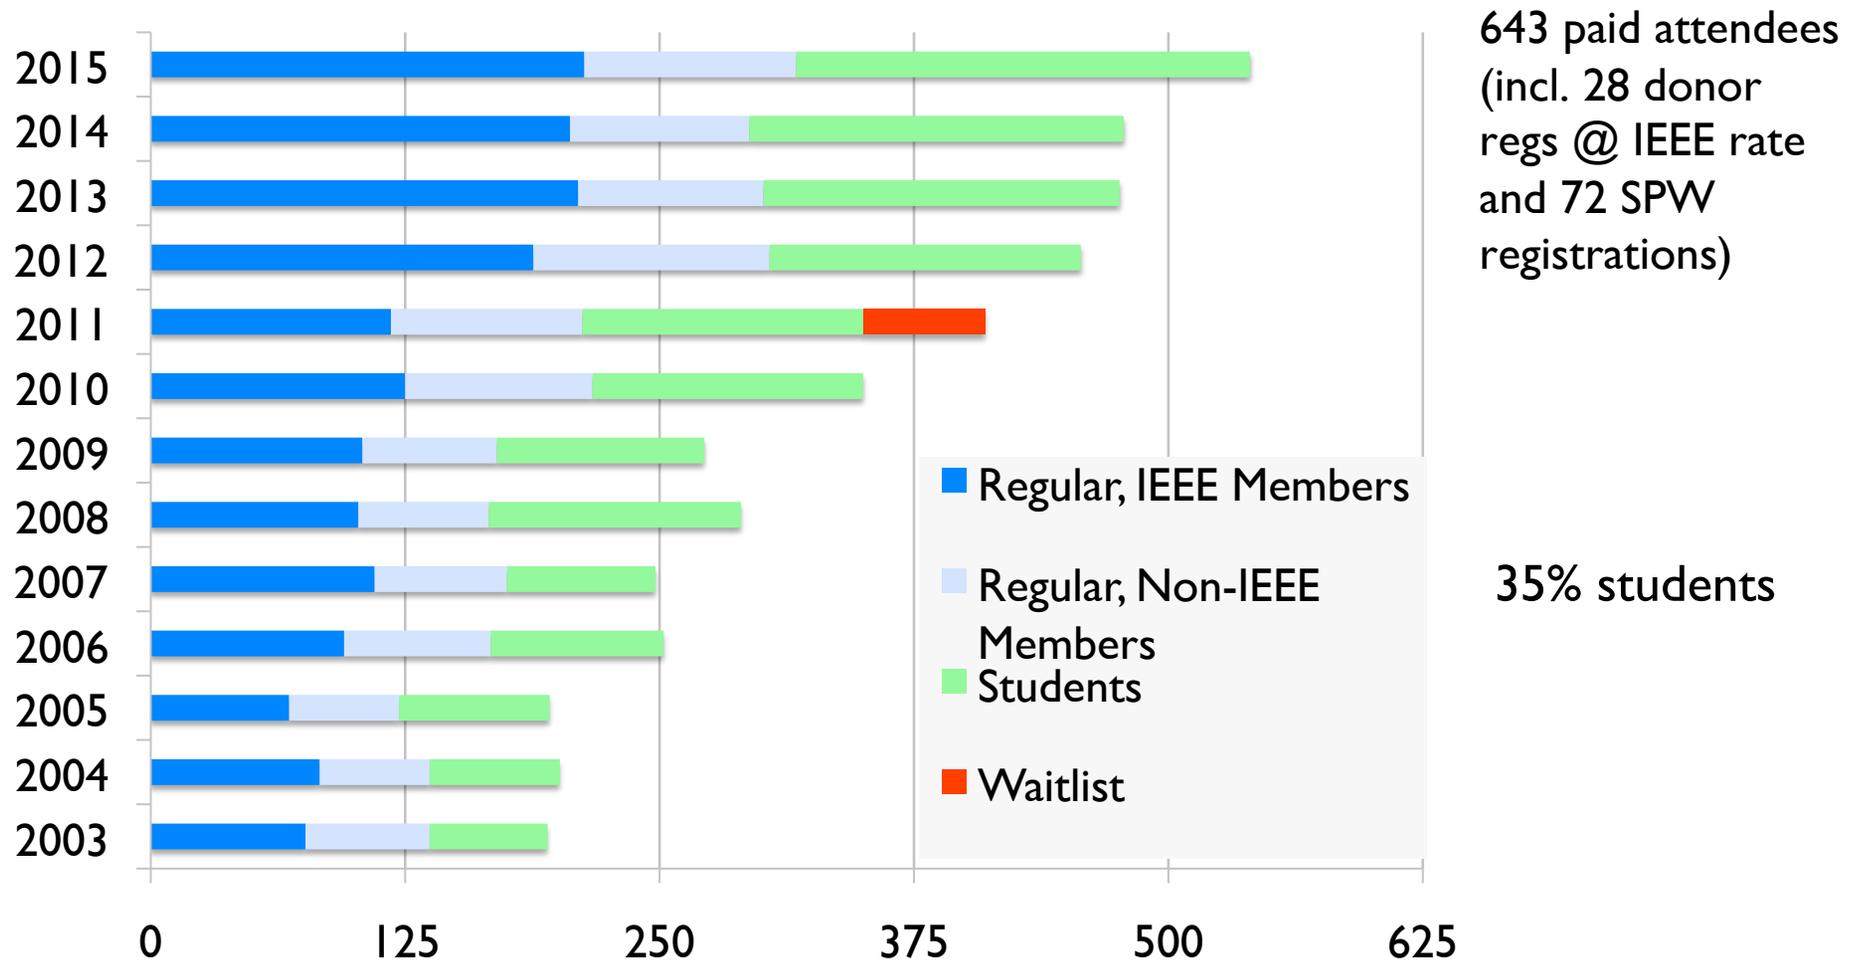

ExecutivEvents continues to provide significant value in managing the registration process and onsite services

Significant increase (20%) in student registrations this year (223 students in 2015; 186 students in 2014)

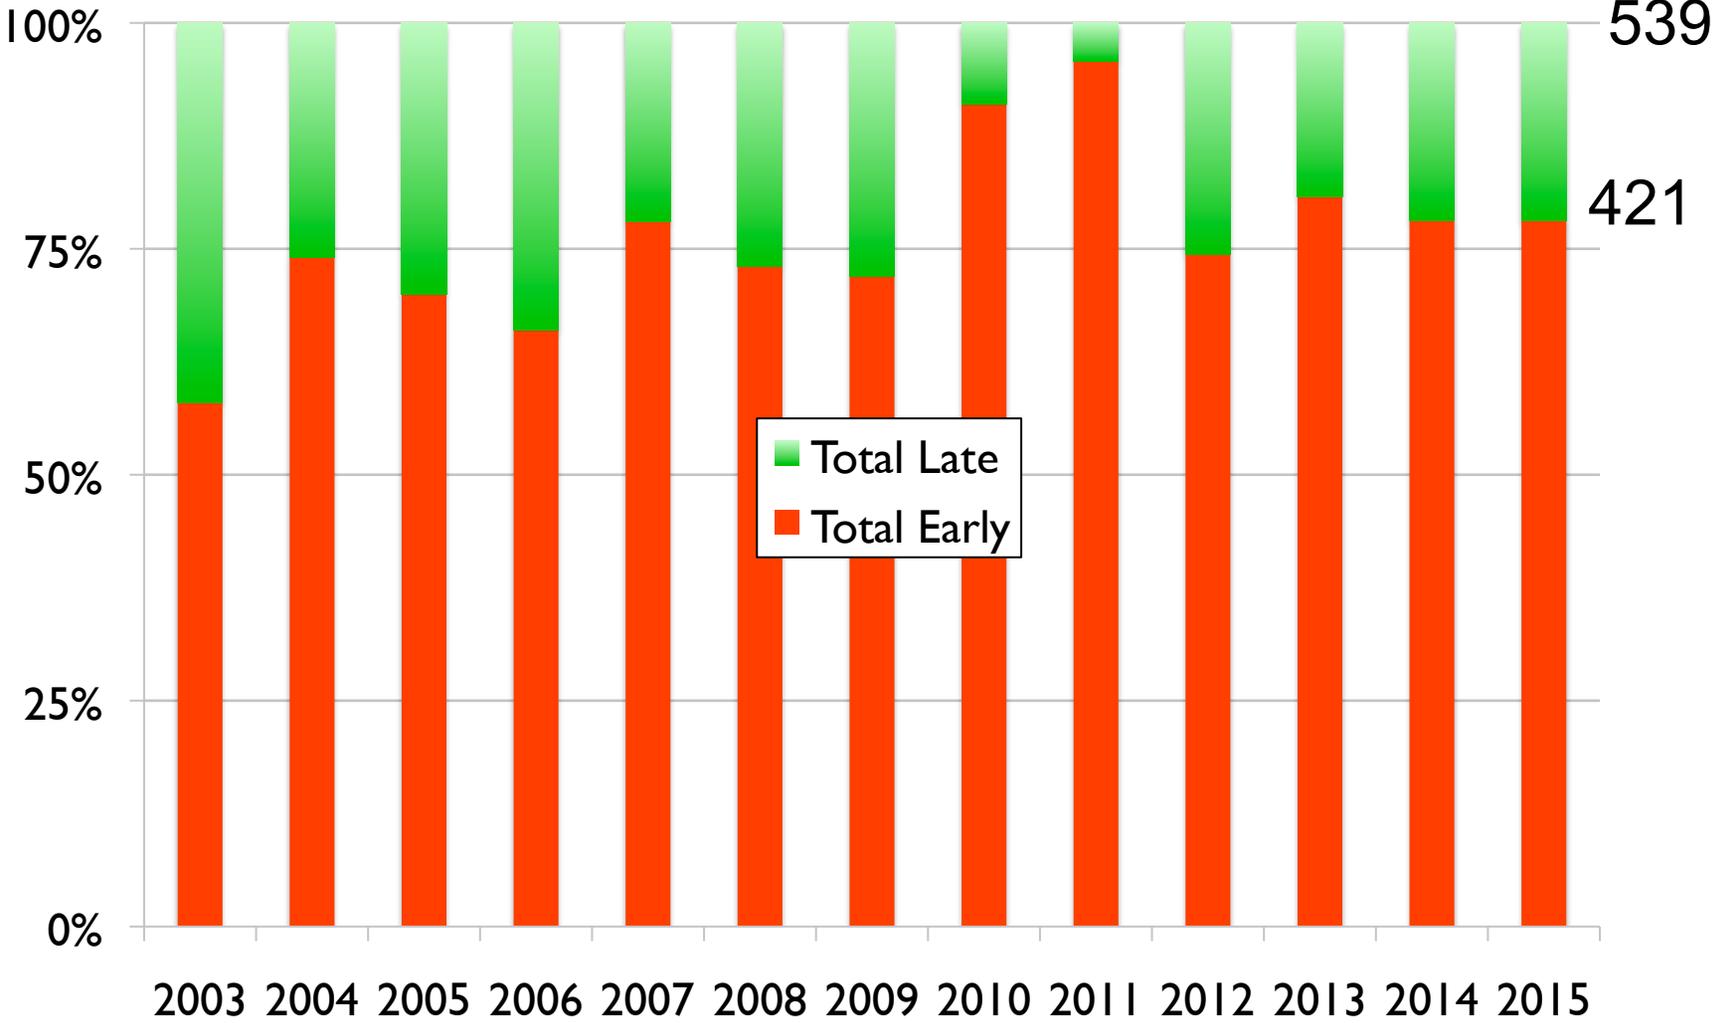

Workshop registration levels holding steady even though we have one less workshop in 2015

Phasing out the physical proceedings option due to cost

SP Registration Trends by Category

Early vs. Regular Registrations

Attendance Distribution by Region

| Country | # of Attendees |
|---------------|----------------|
