Registration Chair's Report

39th IEEE Symposium on Security and Privacy
May 21-23, 2018
Hyatt Regency, San Francisco, California

Mark Gondree
Sonoma State University
SP18 Registration Chair

gondree [at] gmail.com

Registration Overview

- Registration increase in 2018 proportional to the increased expense of being in San Francisco and at a new venue.
- ExecutivEvents continues to provide significant value in managing the registration process and onsite services
- Opened registration a few weeks earlier than last year, responding to other, earlier conference timeframes.
- Workshop registration up significantly compared to prior years, likely due to exceptional workshop offerings in 2018
- New this year: registration discount for Symposium guests staying at the conference hotel during the conference week

Registration: 705 total

705 Total Registrations
591 Symposium (SSP) Attendees
324 Workshop (SPW) Attendees
