# 42nd IEEE Symposium on Security and Privacy
# Call for Donors

**42nd IEEE S&P**

May 23-27, 2021 All-digital Conference Experience due to COVID-19 pandemic
https://www.ieee-security.org/TC/SP2021/

Since its inception in 1980, the IEEE Symposium on Security and Privacy (a.k.a., the "Oakland" conference) has been a premier conference in the cyber security community that annually attracts an international group of researchers, developers, practitioners and others interested in the latest advances in computer security and privacy.

The 2021 Symposium will mark the 42nd annual meeting of this flagship conference. IEEE Computer Society and the Security and Privacy Organizing Committee have been monitoring the ongoing COVID-19 pandemic. The safety and well-being of all conference participants is our top priority. Given the current situation, we have decided that **the 2021 IEEE Symposium on Security and Privacy, will be an all-digital conference experience**. The Symposium will be held on **May 23-27, 2021**.

*\* We are currently investigating multiple platforms for the 2021 symposium, and we will be able to provide further details regarding donor booths and other means of interactions with participants, once decided.*

*\* Furthermore, given the virtual format of the symposium, we may be able to provide additional symposium passes, upon request.*

For further information on how your institution can participate, and with any questions or particular requests you may have (e.g., how a portion of your donation can be set aside for student support), please contact:
